RE: Convocation of the Informal meeting requested by the Honorable Prime Minister

Honorable Chairman of Parliament,

The National Alliance faction has the following questions pertaining to the requested "Meet and Greet" of the new albeit incomplete Council of Ministers as has been requested by the Honorable Prime Minister Marcel F.A. Gumbs.

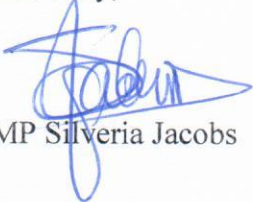

1. What is the definition of "informal meeting" of Parliament? Will this be done behind closed doors? Will it not follow the usual rules of order?
2. What is the purpose of the "Meet and Greet"?
3. Will a presentation be made of the Governing Program 2014-2018?

If this "Meet and Greet" is just a pleasantry, then it is a waste of the people's time, and by extension Members of Parliament, as well as the Council of Ministers' time and should take place after hours in a casual setting.

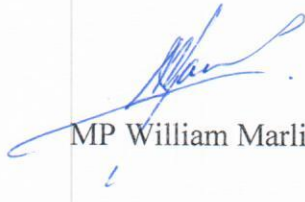

The Cabinet of Ministers could make better use of this time to assess the current situation and prepare the aforementioned governing program, to govern and to prepare answers to the questions already posed by Parliament of the caretaker government in the last two months of 2014 which have remained unanswered.

Though it has been postponed, we would appreciate answers to the preceding questions before it is once again convoked.

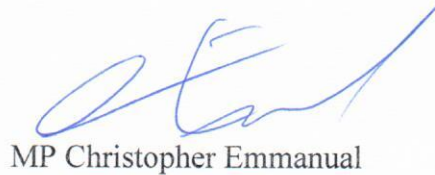

Sincerely,

MP Silveria Jacobs

MP William Marlin

MP Christopher Emmanuel

MP George Pantophlet
