FOREWORD

Dear Colleagues, Honorable Members of Parliament and readers,

The opening of the Parliamentary Year 2017/2018 took place on September 12th, 2017. From the very mention of this date, it is evident that the opening took place one week after the devastating hurricanes Irma and Maria razed our island. With unimaginable willpower, we managed to at least maintain that semblance of normalcy and proceeded to open the parliamentary year under very trying circumstances. The building of Parliament was not left unscathed and Members of Parliament for several months could not make use of

their offices at Wilhelminastraat 1 in Philipsburg, neither could the opening be held at the House of Parliament.

The mood was sober as Parliament and the people were still trying to cope with the effects of the massive storms. True to the slogan of #stmaartenstrong, the Parliament of Sint Maarten slowly but surely got back on its feet. This was necessary, as an election loomed but a few months following the historic storms.

Since those fateful days in September 2017, the focus of the entire country and the Parliament was on the recovery efforts for the community.

In what can be considered a defining moment in our country's young democracy was the national decree to call for the dissolution of Parliament signed off on November 3rd, 2017 and then amended on November 12th, 2017. On January 15th, 2018 an interim Government was installed, followed by an election on February 26th. This resulted in a new Parliament, consisting of the parliamentary factions United Democrats (UD) with seven seats, National Alliance (NA) with five seats, United St. Maarten Party (USP) with two seats, and Sint Maarten Christian Party (SMCP) with one seat.

Looking back, many things stand out during those trying months, not in the last place, the coming together of the Sint Maarten community and the massive assistance received from others in the first days, weeks, and months to follow.

Christmas 2017 was celebrated in a

special way by the Parliament of Sint Maarten, taking its annual luncheon “to the streets”, serving members of the community with lunch on December 14th and joining in the community spirit, which was so prevalent following the devastation suffered in September.

In keeping with the election decree, the new Parliament was sworn in on April 2nd, 2018, following which, the Parliament secretariat proceeded to organize the sessions for the newly sworn in Members as was done in the past, such as the orientation week.

The first interim recovery plan was received on October 10th, 2017 and set the stage for the discussions regarding the Dutch funding for Sint Maarten's recovery.

Several meetings of Parliament were held to ascertain the width and depth of this funding that is channeled through the World Bank.

Other recurring themes during this parliamentary year were:

- The landfill in Philipsburg;
- The state and pace of the recovery;
- The country's preparedness for disasters and;
- The financial situation of St. Maarten.

The UD/SMCP Government was sworn in on June 25th, 2018 and two elected Members of Parliament resigned and took up positions as Ministers, paving the way for two new Members of Parliament to take office on July 6th, 2018.

On the inside, the strengthening of Parliament's support continued with the appointment of 2nd Acting Secretary General, Mr. Garrick Richardson, who will take up his position in September 2018 after a two-year internship in the Netherlands.

Parliament has stepped up its media presence, with the launch of the Parliament's Facebook page, where - as with the Parliament's web page - Parliament meetings can be followed live. This has proven to be a worthwhile tool in the interaction between the general public and Parliament.

As Parliament prepares to host the January 2019 IPKO consultations, we can look back on our participation in 2018, where matters such as a dispute regulation and current issues such as health care and the Venezuela crisis dominated the talks.

The focus of the new parliamentary year 2018/2019 will be very much on the rebuilding of our country; the accountability of funds received, the prioritizing of the recovery and the country's preparedness for potential disasters.

Respectfully,

Sarah A. Wescot-Williams
President of Parliament

PARLIAMENTARY YEAR IN REVIEW

The following provides an overview of the work done by Parliament during the Parliamentary Year 2017-2018

SEPTEMBER

SEPTEMBER 12, 2017

On this date, September 12, 2017, a Solemn Public meeting of the Parliament of Sint Maarten was held at the Government Administration Building at the Soualiga road on Pond Island,

Philipsburg. The reason for the change of location was because the Parliament Building at the Wilhelminastraat had sustained damage from Hurricane Irma on September 6, 2017.

The agenda point for this meeting was:

Opening of Parliamentary Year 2017-2018 by the Chairperson of the Parliament of Sint Maarten with a speech by His Excellency the Governor of Sint Maarten.

The Hon. President of Parliament

indicated that according to the Constitution the 4-year term of Parliament is divided into 4 parliamentary years. It is a constitutional requirement that on the second Tuesday of every September a new parliamentary year is opened.

His Excellency the Governor of Sint Maarten, drs. E.B. Holiday, then proceeded to deliver his speech to the Members of Parliament, guests and the radio and television audience. The Governor informed all that the opening of Parliament was being done under special circumstances. He also recognized that in our government system we have to give account to the people. He went on to give an outline of the policy plan for the year 2017-2018. The policy plan was given in the backdrop of the devastating impact from Hurricane Irma of September 6, 2017.

The Governor reminded everyone that before the passing of the hurricane, he had addressed the population and had stated that he trusts that the people of Sint Maarten will draw from the collective strength to withstand and overcome the storm. And that today, September 12, 2017, we stand in the

aftermath of the furious winds. The Governor said that he was moved by the extent of the damage and the emotional toll Irma inflicted on our people. This hurricane will live on in our collective memory. Meanwhile, he believes that we can be thankful that we had been spared a hit by Hurricane Jose.

The Governor mentioned that after the passing of the hurricane, Government moved to take stock of the damage and organized the emergency response. In doing so, he was heartened to see so many persons, in good Sint Maarten tradition, cleaning up their district and helping each other. He was saddened to see the unlawful behavior of some in our community. Behavior which does not do justice to who we are as a Sint Maarten people. Behavior that has made matters more difficult for all of us. To address that situation, the Government declared a state of

emergency on Friday, September 8, 2017. And he informed that Government would take all measures necessary for the safety and security of people and property.

The President thanked the Governor for his speech and declared the Parliamentary year 2017-2018 opened.

SEPTEMBER 25, 2017

On this day, in Public meeting no. 1, the Hon. Prime Minister and Minister of General Affairs, Mr. W.V. Marlin, gave an outline of the state of preparedness for the hurricane season, the disaster management after Hurricane Irma and the reconstruction following the devastation by Hurricane Irma. This presentation was followed by questions and queries from Members of Parliament. A motion was accepted by Parliament during Public meeting no. 1 calling on the Government to activate immediately a weekly question hour, to institute a regular consultation with French St. Martin and to inform Parliament of these consultations regularly, and in consultation with French St. Martin, work post haste on the cleanup of the Simpson bay Lagoon making use of the proposal which formed part of the Operational Program of the EU (See Facts & Figures).
