FOREWORD

Dear Colleagues, Honorable Members of Parliament, esteemed Readers,

I present to you the Annual Report of the Parliament of Sint Maarten for the Parliamentary Year 2018-2019.

The past year continued to be dominated by the recovery efforts of our country, evidenced by the many debates held in Parliament on the rebuilding process and the tripartite management of the Recovery Trust Fund by Sint Maarten, the Netherlands and the World Bank.

With the approval of the legislation that governs the National Recovery Program Bureau by Parliament, a formal structure has been created to coordinate this massive endeavor. A former Member of Parliament, Mr. Claret Connor heads this Bureau.

Early into the year, Sint Maarten was host to the Kingdom Parliamentary Consultations, the IPKO. Despite the challenges of finding appropriate localities to host this event, it was pulled off to the satisfaction of our parliament and our visiting colleagues from the other countries in the Kingdom.

This year also saw a rekindling of the relationship with the former Kingdom partner, Suriname. The parliaments of Suriname, Curaçao, Aruba and Sint Maarten met in Suriname in the month of February, which meeting resulted in

the signing of a Parliamentary Contact Plan, between four countries.

During the course of this Parliamentary Year, the need to complete the review of the Rules of Order and to review other laws related to Parliament became more urgent as new matters presented themselves such as tie votes, approval of credentials and appointment of deputy Members of Parliament.

At the IPKO and in the Dutch Caribbean parliaments much effort was made to make a collective case for the Kingdom Dispute Regulation to meet the objective as envisaged in the Charter of the Dutch Kingdom. A concerted effort was made in the months of April and May to have consultation with the Netherlands' colleagues for their support for our islands' standpoints regarding the Kingdom Dispute Regulation.

The draft budget 2019 for the country Sint Maarten was received by the parliament in November 2018, unfortunately this process was severely delayed, due to numerous and varied reasons.

We look back on the recent approval of national ordinances to strengthen the anti-money laundering and anti-terrorism efforts, as our small country can ill afford the blemish prolonged absence of these regulations would incur.

Other topics that commanded the attention of Parliament during the past parliamentary year were; Relationship with the Kingdom Government, Pace of the Recovery Program, and priority areas, such as, the Prison System, the Landfill in Philipsburg, the financial position of the country and Environmental Challenges.

Education stands high on the agenda of Parliament, evidenced by the ongoing training of the secretariat's and faction staff that took place during the year.

Our Parliament's media presence was boosted with the employment of a Public Relations Officer. It is expected that our Facebook and other social media presence will also be greatly enhanced with the modernization of Parliament's document management system, which is well underway. Technology remains a useful tool, as Parliament gradually moves into the

digital world. With the new document tracking system, reduction of paper and ultimately a paperless operation are realistic future goals.

The new Parliamentary year (2019/2020) will take us into the 10-year anniversary of our constituent country's status. A year surely for reflection and recommitment to the progress of our sweet Sint Maarten land.

Respectfully,

Sarah A. Wescot Williams
President of Parliament

SUPPORT OF PARLIAMENT

The Parliament has a secretariat at its disposal. The core tasks of the secretariat are to give administrative support, procedural and legal advice to the President of Parliament, the Members of Parliament and Parliament as a whole.

One of the most crucial tasks of the secretariat is the preparation of the Parliament meetings. The Parliament's public meetings are carried live on St. Maarten Cable TV--Channel 115, via Pearl Radio FM 98.1, SXM.gov radio FM 107.9, via the Internet www.pearlfradio.com, www.sxmparliament.org and via parliament's Facebook page.

The Parliament of Sint Maarten can also be followed via social media platforms:

Website: www.sxmparliament.org;
Facebook: www.facebook.com/sxmparliament
Instagram: www.instagram.com/sxmparliament.

To achieve the principal tasks, the secretariat is headed by the Secretary- General Mrs. Nancy R. Guishard-Joubert, LL.M. The staff of the secretariat totals 12 at present.

It should also be noted that all four factions in Parliament are supported by their faction staff. Currently, there are 14 faction staff members employed by the different factions.

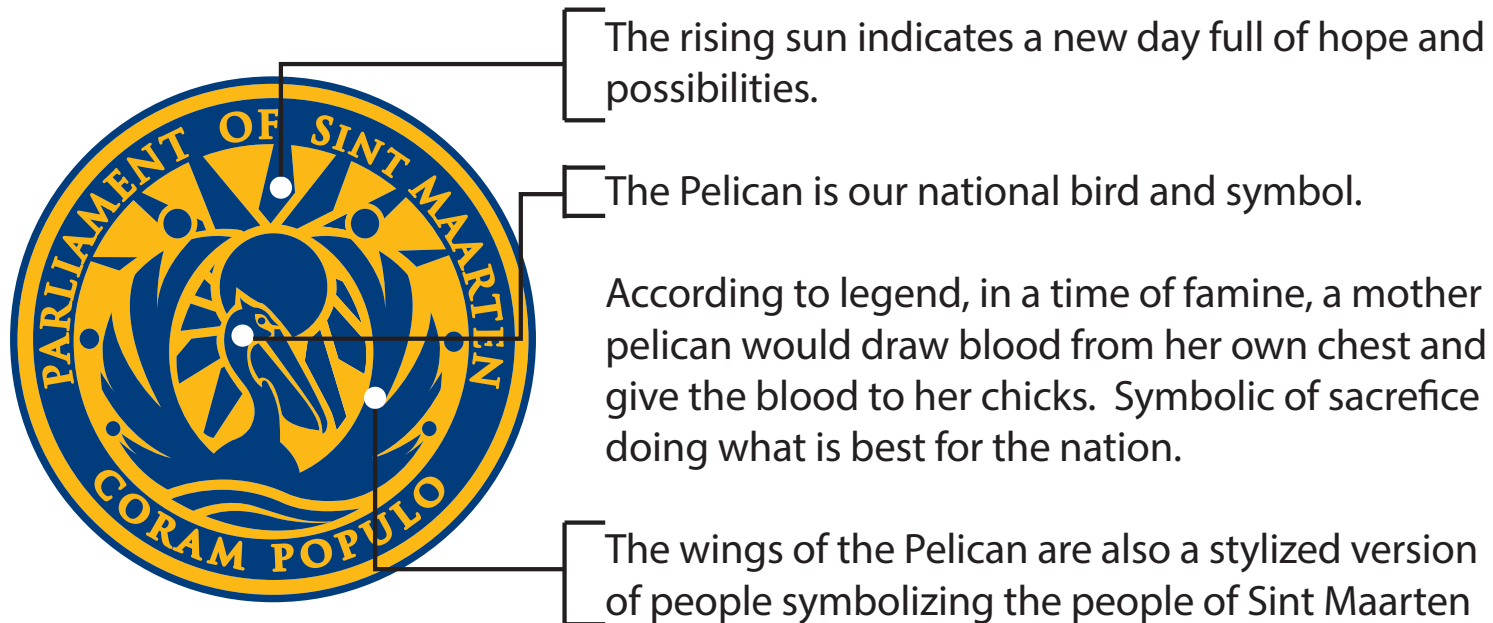

LOGO OF PARLIAMENT

During the early part of February 2011, Parliament extended an invitation to all secondary education students on the island to design a draft

logo for the Parliament of Sint Maarten. The task of the students was to create a draft logo based on the theme: "Coram Populo" meaning openly in presence of the people. A total of 28 entries were submitted. Based on the draft logo of the winner, Mr.

Loic Bryan, graphic designer, started to work on an abstract. Out of the two designs from the graphic designer, the Presidium and Faction leaders meeting chose the logo that they believed portrayed Parliament the best. On April 15, 2011 the logo of the

Parliament of Sint Maarten was revealed in a gathering of Parliament. On August 21, 2012 the logo was officially established by Parliament in a Public Meeting.

MARCH

MARCH 8, 2019

On Friday, March 8, 2019 in Public meeting no. 24, the letter from the Chief Prosecutor M.A.W. Mol (IG/639/2018-2019) dated March 5, 2019 was tabled and read.

The notification letter of the pre-trial detention from the Public Prosecutor's Office reads as follows (loosely translated in English from Dutch):

Today the court in first instance of Sint Maarten has given the order for "Bewaring" (incarceration) of the accused Mr. Heyliger. The grave objections against him can be summarized as corruption and money laundering over a long period. With this judgment the court ordered "Voorarrest" (pre-trial detention) has begun.

Article 50, paragraph 2, of the Constitution states that the effect is that

the Member of Parliament, in this case, Mr. Heyliger is officially suspended.

Article 50, paragraph 2, of the Constitution prescribes two grounds that lead to the suspension of a Member of Parliament:

- In the first instance, if there is a Member of Parliament who is in pre-trial detention. The Constitution does not define the term 'pre-trial detention' but seeks to agree with the Criminal Code. It is therefore up to the criminal authority to establish that a Member of Parliament is subject to 'pre-trial detention.'
- The second instance occurs when the Member of Parliament is sentenced to a custodial sentence by a court order. Both pre-trial detention and judicial convictions must, however, concern certain categories of offenses.

Once Parliament is informed, the procedure is to initiate compliance with the provisions of Article 50, paragraph 3 of the Constitution, namely the appointment of a deputy Member of Parliament. On the basis of the information from the Public Prosecutor's Office, it was determined that

the Member of Parliament is suspended by law. This declaration was only of a declaratory nature because the suspension was already in force. The declaration is important for Parliament, other constitutional bodies and the community. The constituent legislator has determined that a suspended Member of Parliament will remain in the office, continue to enjoy his / her remuneration but is prohibited from exercising the powers attached to the office.

On this date the procedure to appoint a deputy Member of Parliament began. Parliament, in this meeting, declared that the legal effect of suspension has commenced and then the Central Voting bureau would be informed.

The Central Voting bureau will have to act in accordance with article 115 of the Electoral ordinance to appoint a deputy Member of Parliament. After that is done, Parliament will have to verify the credentials of the deputy to be admitted to Parliament, then he or she can function as a full Member of Parliament.

APRIL

APRIL 15, 2019

During the week of April 15 - 23, 2019 a Sint Maarten delegation participated in consultations in the Netherlands

regarding the Dispute regulation. The delegation consisted of the Hon. Chairlady of Parliament, Mrs. Sarah A. Wescot-Williams as delegation leader; Member of Parliament Claude A.H. Peterson, Member of Parliament Siveria E. Jacobs, Member of Parliament Tamara E. Leonard and Member of Parliament Rolando Brison and the 2nd Acting Secretary General of Parliament Mr. Garrick J. Richardson.

These consultation meetings were a joint venture with the Parliaments of Aruba and Curaçao. The delegations were of the opinion that the current proposal for the Kingdom Law Kingdom Disputes that was on the table does not live up to the requirements of article 12a of the Kingdom Charter and neither did it live up to the standpoints formulated by the IPKO in 2015, which were also ratified by the Second Chamber via a motion in 2015.

The Caribbean countries of the Kingdom wanted to have a dispute regulation with an independent body that is able to give a binding judgement on strictly legal disputes based on the Charter of the Kingdom. Hence the reason for the delegations to travel and lobby with the different factions within the Dutch Second Chamber. The delegations wanted to jointly express their desire to members of

the different factions of the Second and First Chamber in the Netherlands before these two Chambers go over to voting on the draft Kingdom Law.
