Volgnr. 15/702/14-15			
Par.	dy	107	

Through the Honorable President of Parliament I would like to request information on the Rockland Estate Rain Forest Adventure Park and the status of the projects listed by MP Wescot Williams, listed below, along with other projects that are not directly funded by Government (EU projects) from the Minister of Vromi. The information is being requested in preparation for an upcoming Committee meeting on Housing Spatial Planning and Environment and Infrastructure. Please note that this member of Parliament would also like to receive information on the enhancements/beautification of the various districts on the island.

More specifically, it is important that the committee understands the development project and address the concerns of the general public regarding this specific project. A presentation will be requested once the Minister provides information about the said project.

Lastly it is imperative that this committee receive the infrastructural plans of VROMI for 2015-2016.

Infrastructural projects mentioned by MP Wescot-Williams are;

- Upgrade Union/Orange Grove/Well Road
- Waste Water Treatment Plant Cole Bay
- Dutch Quarter, co-financing 10th EDF
- Beautification Cay Hill
- Ring Road project

Hoping to have informed sufficiently in this matter,

With kind Regards,

Leona Marlin-Romeo

Independent Member of Parliament
