Subject: Water and Electricity Supply

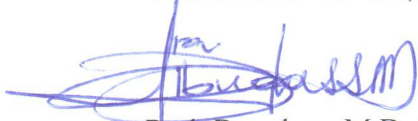

It has been brought to my attention that the following regions have been experiencing daily outages of water and electricity supply for approximately three months:

1. Madame Estate
2. Middle Region
3. Mount William
4. Dutch Quarter
5. Belvedere

These outages have been incapacity to the carrying out of every day activities. The inhabitants of these areas are very upset and disturbed by the above mentioned situation, which has been added to the already existing road problem. They demand answers as to how long they will have to put up with these inconveniences. If you are aware of the situation could you please bring some clarification as to the actions being taken to promptly resolve the problem?

In search of a solution to these issues, I remain,

Your humble servant,

Ruth Douglass, M.D. M.P
Member of Parliament
