Re: Child Protection Protocol

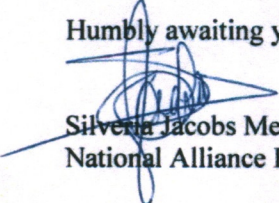

Honorable Minister of Justice,

As a follow-up to your visit to Parliament on May 3rd, 2019, where much was discussed on the lack of a sexual harassment and molestation law, **I hereby request to receive in writing a copy of the draft Child Protection Protocol** which was jointly being worked on by the Ministry of Education, Culture, Youth and Sport (*Youth Department & Student Support Services Division*) and the Ministry of Justice (*Court of Guardianship*).

As previously expressed during that meeting, this topic is very near and dear to me and I have done extensive research with members of the police force and others in the legal field to secure as much data regarding the current law(s) or lack thereof, as it relates to the subject matter. It is clear that the laws are very limited in the ability to really penalize offenders especially to children and the female gender specifically.

You promised to return to Parliament since May 17th, 2019, which has elapsed in the meantime. **Please inform when you will return to Parliament to respond to the relevant questions of the Honorable Members of Parliament and update top the proposed changes in the Penal Code as related to the subject matter.**

Humbly awaiting your response, I remain,
