In response to questions by the undersigned on August 14<sup>th</sup>, 2019, you responded by letter dated September 20, 2019. These questions regarded the Landfill/dump, namely:

By your letter of September 20, 2019, you informed me that "...more specific results pertaining will be presented in December 2019, related to remediation and improved management of the landfill, as well as the longer term strategy for sustainable waste management.

Has the AIM TEXAS LLC study been completed? If not, when?  
What were the so-called quick-win actions as presented by aforementioned firm?  
Can I receive a copy of this study?
