FOREWORD

Dear Colleagues, Honorable Members of Parliament and Readers,

It is with honor that I present you the Annual report of the Parliament of Sint Maarten for the Parliamentary year 2019 – 2020.

In retrospect, 2019 – 2020 Parliamentary year commenced with the continued focus of rebuilding the Country, but was not without its political challenges. In September 2019, the “Leona Marlin Cabinet” lost its majority support in Parliament and subsequently, new elections were called due to the Council of Minister’s decision to dissolve Parliament. The new elections then took place on January 9, 2020. While keeping in line with the election decree, on February 10, 2020 the new Members of Parliament were sworn in and officially took office.

As one of the youngest Members of Parliament, I am humbled to have had not just the privilege of being re-elected to serve the people of Sint Maarten, but also being elected by the Parliament to serve as its President.

One question I often get is related to the Mullet Bay Inquiry. In the first part of the 2019-2020 parliamentary year, in an effort to resolve the many disputes that lay with regards to this property and its importance to Sint Maarten, a proposal for a Parliamentary inquiry into Mullet Bay was submitted to Parliament, and was eventually passed by Parliament, making it the first parliamentary inquiry passed. Subsequently, an inquiry Commission with five Parliamentarians was established to ensure the work continues. However, as it is the first time in Sint Maarten’s history that an Inquiry has been commissioned, there’s still quite some groundwork to be laid before the commission begins, such as establishing its working methods, adjustments to the Rules of Order regarding the inquiry, and very importantly, adjustments to the budgeted cost for the inquiry, which will have to be reviewed and possibly amended by Parliament in light of the precarious financial situation of the country.

This Parliamentary year recorded several courtesy visits such as, The Youth Mayor of the City Council of Amsterdam Mrs. Avianka Aventurin-Denloye, the European Parliamentarian, Ms. Samira Rafaela and Members of the Second Chamber, Mr. Rob Jetten and Mrs. Antje Diertens.

As new Members of Parliament recently sworn in, you would imagine that we would have fresh and exciting plans for this country. These plans came

to an astounding halt when Sint Maarten joined the Global Pandemic fight against the monster COVID-19 virus; this was when the first case was realized locally. This Global Pandemic resulted in varying degrees of shutdown within the Country with all businesses; both public and private sectors, schools and both ports of entries being closed. The Government also took additional measures of closing the borders in order to control the spread of the deadly virus.

With absolutely no air or sea traffic, the impact on the economy has been heavy; businesses risk closures and many faced losing their jobs. The Government of Sint Maarten and the other Kingdom partners put a relief and economic stimulus plan together to request financial assistance from The Netherlands.

One of the conditions requested of us by the Netherlands in order for the approval of the "Stimulus Plan", was that the 2020 budget of Country Sint Maarten be approved first. This budget was presented in Parliament (virtually) and was ultimately approved.

As a result of the shutdown, the Parliament building was closed and all meetings have been conducted virtually. The Parliament of Sint Maarten was

the first in the region as well as the Kingdom of the Netherlands to have their meetings digitalized / virtually. Parliament will continue its ongoing efforts to keep the general public abreast by means of utilizing their various social media outlets.

In April 2020, during an historic remote Parliamentary meeting, the passing of the National Ordinance amending the authorization for the disposal of UTS shares was accomplished. Sint Maarten will receive the remaining 12.5% shares in the sale of the United Telecommunication Services (UTS). These funds will go into Government Coffers, to assist with the recovery of the Country.

On June 10 & 11, 2020, Members of Parliament participated in a virtual Interparliamentary Kingdom Consultations (IPKO) which was hosted by the Netherlands.

Presentations and discussions between the four Parliamentary delegations took place. Topics of discussions were:

- Decision making on liquidity support at the time of the COVID-19 pandemic
- Outlook Short term: Restarting social and socio-economic life, possibilities limitations and best practices.
- Outlook medium to

long-term; restructuring of the economies and labor markets.

The Parliament of Sint Maarten is honored to have a dedicated and well-trained staff that is led by the Secretary General Mrs. Nancy R. Guishard-Joubert, LL.M. In February 2020, Mrs. Guishard-Joubert tendered her resignation to explore other professional opportunities. We thank Mrs. Guishard-Joubert for her years of dedicated and professional service and wish her much success in her future endeavors.

In closing, despite the many economic challenges we have experienced during these unprecedented times, we are a resilient nation, and together we shall move forward with purpose and dedication to continuously work on behalf of the People of Sint Maarten.

LIVE LONG AND PROSPER.

Respectfully,

Rolando Brison
President of Parliament

SUPPORT OF PARLIAMENT

The Parliament has a secretariat at its disposal. The core tasks of the secretariat are to give administrative support, procedural and legal advice to the President of Parliament, the Members of Parliament and Parliament as a whole.

One of the most crucial tasks of the secretariat is the preparation of the Parliament meetings. The Parliament's public meetings are carried live on St. Maarten Cable TV - Channel 115, via Pearl Radio FM 98.1, SXM.gov radio FM 107.9, via the Internet www.pearlfradio.com, www.sxmparliament.org and via parliament's Facebook page.

The Parliament of Sint Maarten can also be followed via social media platforms:

Website: www.sxmparliament.org

Facebook: www.facebook.com/sxmparliament

Instagram: www.instagram.com/sxmparliament

Twitter: www.twitter.com/sxmparliament

YouTube: www.youtube.com/sxmparliament

To achieve the principal tasks, the secretariat is headed by the Secretary General Mrs. Nancy R. Guishard-Joubert, LL.M. On February 4, 2020 Mrs. Nancy R. Guishard-Joubert, LL.M., tendered her resignation as the Secretary General of the Parliament of Sint Maarten effective August 1, 2020 and received an honorable discharge. The Secretariat is now headed by the Acting Secretary General Mrs. Ann A. Groen-Gumbs, LL.M. At the start of the Parliamentary year the staff of the secretariat totalled 12. With the sabbatical of a member of the secretariat effective May 6, 2020 the staff totalled 11, and with the resignation of the Secretary General the staff of the secretariat now totals 10.

It should also be noted that all five factions in Parliament are supported by their faction staff. Currently, there are 13 faction staff members employed by the different factions.

LOGO OF PARLIAMENT

During the early part of February 2011, Parliament extended an invitation to all secondary education students on the island to design a draft logo for the Parliament of Sint Maarten. The task of the students was to create a draft logo based on the theme: "Coram Populo" meaning openly in presence of the people. A total

of 28 entries were submitted. Based on the draft logo of the winner, Mr. Loic Bryan, graphic designer, started to work on an abstract. Out of the two designs from the graphic designer, the Presidium and Faction leaders meeting chose the logo that they believed portrayed Parliament the best. On April 15, 2011

the logo of the Parliament of Sint Maarten was revealed in a gathering of Parliament. On August 21, 2012 the logo was officially established by Parliament in a Public Meeting.

The rising sun indicates a new day full of hope and possibilities.

The Pelican is our national bird and symbol.

According to legend, in a time of famine, a mother pelican would draw blood from her own chest and give the blood to her chicks. Symbolic of sacrifice doing what is best for the nation.

March 23, 2020

On Monday, March 23, 2020 Parliament held its first virtual Parliament meeting which would continue until further notice seeing the situation regarding the COVID-19 pandemic. This meant that Members of Parliament would not physically gather in the Legislative Hall but would be able to log in via the platform Zoom,

either from the comfort of their home or anywhere else, to participate in the meetings. The public was able to follow these meetings as customary through Facebook, Parliament's website, CableTV and radio. It was the first time in our Parliament's history that meetings were carried out virtually.

In order for these meetings to legally take place Parliament needed to deviate from its Rules of Order and still be in line with the Charter, the Constitution or any other legal regulations. Based on article 95 of the Rules of Order, Parliament may decide at all times to deviate from these Rules provided that no one of the Members is against and provided that the deviation is not in contravention of the Charter, the Constitution or any other legal stipulation.

Parliament agreed in this meeting to follow as much as possible the same procedures as any other (Public) meeting with the following exceptions and any other exceptions deemed necessary and agreed upon by Parliament in accordance with article 95, namely:

- Article 33, paragraphs 2 and 4, of the Rules of Order stipulate that the President of Parliament determines the location of the meeting and that this location should be made public. The location was deemed in virtual space;
- Article 34 regulates that each Member of Parliament signs the Attendance list that is kept by the Secretary General upon entering the meeting. Furthermore, as soon as the Attendance list is signed by at least half plus one (8), the President opens the meeting. In

this case as soon as a Member logs into the virtual meeting room, they are considered to be present in the meeting. The Secretary General will make note of this on the Attendance list. Signing of the Attendance list is in this case not necessary. As soon as there are 8 Members present in the virtual meeting room with their cameras on, the President can open the meeting. Members can opt to leave the meeting at any time. In the case there is or is no longer a quorum, article 36 will apply as usual;

- Article 42, paragraphs 1 and 2: No Member of Parliament takes the floor than after requesting this of the President and having received such from him. The President grants the floor in the sequence in which it is requested. That sequence appears from the signing of a list, which is available for signing with the Secretary General for each subject to be deliberated. The Secretary General will fill out this list based on requests he/she receives via WhatsApp. The sequence will be determined by the time registered by WhatsApp that the request came in.
- An exception is also made pertaining to speaking while standing as required in a Public meeting based on article 48. Members can remain seated while speaking and must mute their mics when they do not have the word.
- In accordance with article 57, after the deliberation has been closed, the meeting votes. The Members are given the opportunity to motivate their vote, briefly and concisely.

Just like in regular meetings, only Members logged into the virtual meeting room with their cameras on and hence “present” can vote at the time of voting.

Additionally, Parliament observed the following, that:

- Article 60, paragraph 1, of the Constitution indicates that the Parliamentary sittings are open to the public. All Members of Parliament who are participating in the virtual meeting room must be visible when speaking (webcam must be working, not just the audio) to be in compliance with article 60.

As mentioned, even though the public can not physically be in the (virtual) meeting room, the public can still follow the meeting through the usual mediums such as Facebook, Parliament’s website, radio and Cable; and that

- Article 65 of the Constitution stipulates that Members of

Parliament, Ministers and other persons taking part in deliberations may not be prosecuted or otherwise held liable in law for anything they say during the meetings of Parliament or of its committees or for anything they submit to them in writing. This article is applicable on meetings of Parliament in the virtual meeting room.
